

Kenny King LAU

Contact Information	Physics and Nanotechnology Building, 115 Union St SE, Minneapolis, MN 55455 Email: kennylau@umn.edu Phone: 612-625-1802 Website: kennykinglau.github.io
Education	University of Minnesota , 2015-Present <ul style="list-style-type: none">• PhD candidate, Physics• Adviser: Prof. Clem Pryke The Chinese University of Hong Kong , 2011-2013 <ul style="list-style-type: none">• MPhil, Physics• Advisers: Prof. Ming Chung Chu and Dr. Lap Ming Lin The Chinese University of Hong Kong , 2008-2011 <ul style="list-style-type: none">• BSc, Physics• with Honours, First Class• Minor: Mathematics
Research Experience	Searching for Inflation Signals with the Bicep/Keck Telescopes , <i>with BICEP/Keck Collaboration</i> , 2015-Present <ul style="list-style-type: none">• Travel to South Pole to deploy and calibrate receivers of the <i>Keck Array</i> and BICEP3 and BICEP Array telescopes.• Lead the BICEP/Keck weekly data reduction campaign in 2019-2022.• Lead the analysis of CMB data from <i>Keck Array</i> and BICEP3 2016-2018 observing seasons for the r constraint. The result is published in the “BK18” paper.• Involve in the development of the new telescope BICEP Array, particularly for the mount and the cryostat.• Lead the pipeline construction of BICEP Array.• Lead the “pipeline A” analysis of the BK18+SPT-3G delensing studies. Impacts of Neutrino Degeneracies on Cosmic Microwave Background , <i>with Shek Yeung and Prof. Ming Chung Chu</i> , 2016-2019 <ul style="list-style-type: none">• Investigate the impacts of neutrino degeneracies in CMB data fitting, particularly for the constraint of Hubble parameter H_0 and the spectral index n_s.
Test Runs & Field Deployment	California Institute of Technology , <i>Jul 2021-Sep 2021</i> <ul style="list-style-type: none">• Conduct test runs on the BICEP Array 150 GHz detector modules and receiver. Amundsen-Scott South Pole Station, Antarctica , <i>Nov 2019-Feb 2020</i> <ul style="list-style-type: none">• Disassemble the <i>Keck Array</i> mount, build the BICEP Array mount and deploy the BICEP Array 30/40 GHz receiver during the entire summer season campaign. Amundsen-Scott South Pole Station, Antarctica , <i>Nov 2017-Jan 2018</i> <ul style="list-style-type: none">• Deploy the <i>Keck Array</i> 270 GHz receiver.
Awards & Honors	<ul style="list-style-type: none">• Antarctica Service Medal, 2021

Publications

Talks

BICEP/Keck Constraints on Primordial Gravitational Waves, CMB-S4 Summer Collaboration Meeting, Chicago, IL, *Aug 17 2022*

Searching for Inflation Signals with the BICEP/Keck Telescopes, 240th AAS Meeting, Pasadena, CA, *Jun 16 2022*

The Latest Constraints on Inflationary B-modes by the BICEP/Keck Telescopes, 56th Rencontres de Moriond on Cosmology, La Thuile, Italy, *Jan 25 2022*

Posters	BICEP3 and <i>Keck Array</i> performances from 2016 -2018 , 18 th International Workshop on Low Temperature Detectors, Milan, Italy, <i>Jul 25 2019</i>
Community Outreach	<p>BICEP Array Telescope Open House, Martin. A. Pomerantz Observatory, Feb 2, 2020</p> <ul style="list-style-type: none"> • Exhibition of the fully operational BICEP Array telescope, opened to members of the Amundsen-Scott South Pole station. <p>BICEP Array Mount Open House, University of Minnesota, May 5, 2019</p> <ul style="list-style-type: none"> • Demonstration of the scanning of the BICEP Array receivers on its mount.
Teaching Experience	<p>Teaching Assistant, School of Physics and Astronomy, University of Minnesota, 2015-2017</p> <ul style="list-style-type: none"> • Phys 1302: Introductory Physics for Science and Engineering II (Spring 2017) • Phys 1301: Introductory Physics for Science and Engineering I (Fall 2016) • Phys 1302: Introductory Physics for Science and Engineering II (Spring 2016) • Phys 1101: Introductory College Physics I (Fall 2015) <p>Teaching Assistant, Physics Department, The Chinese University of Hong Kong, 2011-2013</p> <ul style="list-style-type: none"> • PHYS 3202: Quantum Physics II (Spring 2013) • PHYS 3011: Mechanics (Fall 2012) • PHYS 3202: Quantum Physics II (Spring 2012) • PHYS 2811: Physics Laboratory I (Fall 2011)
